

Guide to Private Sector Fit Scoring

Defining Lead Quality

Chris Russell
Marketing Operations Consultant

Summary of Fit Scoring

- Every Salesforce account and contact record is automatically given a “Fit Threshold” based on known attributes which indicate the company or person’s propensity to buy from us.
- This allows us to measure firmographic and demographic lead quality quickly and in a standardized way.
- Not only are accounts and contacts given a fit threshold individually, but the company and contact thresholds can (and are) combined in a single value such as High-High, High-Medium, High-Low, Medium-High, etc., where the first word is the company fit and the second is the contact fit.
- This methodology allows us to identify, target and promote “great” contacts at “great” companies, and create a sliding scale of prioritization for all others.

of Salesforce Contacts by Company & Contact Fit Threshold

		Company Fit Threshold			
Contact Fit Threshold		High	Medium	Low	Unqualified
	High	16,956	12,170	13,108	384
	Medium	73,238	49,866	53,401	1,737
	Low	76,820	61,202	80,904	2,737
	Unqualified	6,490	15,760	6,712	165

2025 Opp Win Rate by Company Fit Threshold*

	# of opps	Win Rate
High	8,134	40.0%
Medium	4,838	29.5%
Low	1,985	8.6%
Unqualified	84	4.8%

Company Fit Scoring – How It Works

Industry Criteria >>

- **Scored Attributes**

- Has state term contract: +3
- Previous customer: +3
- Good industry: +1
- ER Competitor: -100
- Do not score if:
 - Public sector agency (not a target)

- **Company Fit Thresholds (Based on scoring above)**

- High = 6 or more points (target)
- Medium = 3 to 5 points (potential target)
- Low = 2 or less (unknown / not a target)

Industry is any of Public Safety/Law Enforcement/EOCNetwork, Computer Software, Networking/Wir, Security/Privacy, Networking/Wireless/Tel, Networking/Wireless/Telecomm, Security/PrivacyStorageSys Int/Consultin, DatabaseSoftware, GIS/GPSNetworking/Wireless/Telecomm, Security/PrivacySoftware, Information Services, Computer Networking, Networking/Wire, Information Technology and Services, Computer & Network Security, Security/PrivacySoftwareHomeland Secur, Technology, Database, Networking/Wireless/TelecommSoftware, Imaging/Doc MgmtSoftware, Software, Management Consulting, or Accounting
